On the globalEDGE?

Is your business really prepared for international expansion? Do you want to know how you can go global? Well... find out from your personal online consultant!

CORE™ is a self-assessment tool that will allow you to determine your company's readiness to expand its operations internationally and ascertain its ability to export a particular product.

Partner™ is an interactive tool that will assist you in evaluating and comparing a variety of potential international venture partners.

Distributor™ is designed to aid your company with identifying the best distributor or agent to use (specific to your product and market characteristics) when moving into new markets.

Freight™ evaluates the compatibility of international freight forwarders in respect to your business' type and volume of freighting needs.

GLOBE™ (under development) will help you assess the degree of globalization potential of your organization based on your business' structure, culture, management processes, and strategy.

The Diagnostic Tools are web-based software programs that incorporate the collective knowledge and experiences of seasoned international business executives and empirical research findings from international business operations of the past 20 years.
