

Michigan Automotive / Mobility Export Roundtable Discussion

If you are a **Michigan automotive / mobility company currently selling into international markets or planning to grow your international customer base**, we want to hear from you!

Please join the MSU International Business Center, Michigan Economic Development Corporation (MEDC), and Ann Arbor Spark for a discussion on the current state of exports in your industry.

Through participating you will have an opportunity to **connect directly with others in your field, hear where they are exporting to, what trade shows they are attending, and discuss the biggest growth and expansion successes and challenges**. Feedback will also help shape the direction for our resources, as we are constantly seeking the best way to support your growing business.

Participation is free of charge and breakfast will be provided
